Try these prompts:

I need to get better at giving feedback

How do I manage being a working parent?

How can I be more creative and innovative in my thinking?

"We're not all one dimensional so it's nice to have interesting titles in different areas that align with my work and personal interests"

Florian, Lead Developer

How can I be more productive to optimize my time?

Hi there! Let me see what I can find for you...

1. Eat That Frog! by Brian Tracy

A great book to start with! It offers 21 ways to stop procrastinating and get more things done in less time.

2. The Productivity Project by Chris Bailey

Another book that might interest you. Bailey is a productivity expert who spent a year conducting productivity experiments on himself.

3. Free to Focus by Michael Hyatt
